There are not just news and events, but games to popularize the World Championships next year! We established a puzzle-game on the official Facebook page of the Championships. The pictures illustrate venues, sets and outfits of the sports of the FINA WCH.

You can play until the 5th of December! If you complete the games without any failures, you will take part automatically in a draw, where the „lucky 20” will win an official limited World Championships T-shirt!
