Adam Peaty wants to win in Budapest as well!

2016.05.18. 14:45 CET

Adam Peaty to the Official Website of the WCH

"I am very happy because I could win the 100m breaststroke and as the member of the relay as well in one hour, but I need to do my best because of my supporters! I have some days to rest, and after that we take up the work, and restart the preparing for the Olympic Games. I think who wants to win the Games, need to swim a new world record!

If nothing goes wrong, I can win the most valuable gold medal in Rio, but the Olympic Games are the competition, where anything can happen! Weather good, or bad! I would like to compete at the World Championships in Budapest, next year as well. I heard of an awesome, new Swimming pool!

I welcome my Hungarian Friends, and wish the best for them at the Olympic Games."
